Much interest and enthusiasm is being shown by local musicians and music lovers in the treat promised by the appearance of Master John Richardson at this concert. Master Richardson is only 14 years of age, but has probably made as many appearances, in proportion, in the years he has acquired fame, to those made by the mature celebrities of the country.

The Choral Management would appreciate all holders of tickets to be seated in the auditorium by 8 o'clock so that the overflow at the door will not fill the chairs of those who will have purchased tickets in advance.

This is Narberth's last musical treat for the season. DON'T MISS IT! FRIDAY EVENING, JUNE 10, SCHOOL AUDITORIUM, 8.15 O'CLOCK.

Open New Courts of Tennis Association

MANY PLAYERS TAKE ADVANTAGE OF FINE WEATHER OVER WEEK-END TO CHRISTEN NEW GROUNDS

The Narberth Tennis Association "opened its new home" over last week-end. This is to say, members of the Association played on the new courts at Haverford and Montgomery avenues for the first time last Saturday and Monday.

It had been hoped that it would be possible to use all seven of the new courts, but the wet weather during May interfered so much with the construction work that it was possible to play on only three of the courts last week-end. But these three proved to

Garden Party For Community Club

TO BE HELD NEXT TUESDAY AFTERNOON AT ELMWOOD AND WYNNWOOD AVES.

Of the 150 members of the Women's Community Club of Narberth, it is expected that a majority will attend the Garden Party to be given next Tuesday from 2.00 until 5.00 o'clock on the lawn of Mrs. Harry A. Jacobs, Elmwood avenue and Wynnewood Road.

The proceeds of the Garden Party will be turned over to the Building Fund, as the women of the Club are making every effort to raise the required amount where definite action can be taken in starting a Community Building.

As the Community Building will be not only for the use of the members, but for the community at large, the borough will greatly benefit by such an important undertaking, and it is earnestly desired that all friends of the members of the Club, together with the Club members, participate in this worthy cause.

If your Community Club friend has not had the opportunity of asking you to attend, just remind her of the fact that you will meet her on the grounds next Tuesday.

Entertainment and refreshments have been planned and many other interesting activities will make the afternoon a most pleasant diversion, as well as giving your support to the cause, which will benefit both the Club and the community at large.

Just set the afternoon apart and be on hand, whether you are a member or are a friend of any member whom you might meet that afternoon.

The Garden Party is being given by Mrs. Milton Alexander and Mrs. Harry A. Jacobs, assisted by some of the members of the Junior Club.

JUNE DANCE TO BE GIVEN BY JUNIORS.

Remember the last one? Of course we know the question to be a foolish one, for the fame of that last Junior Dance is still resounding through the town. And so, as a wind-up to a most successful season, the Juniors are going to have a lovely June Dance, which will be characterized by the same "pep," artiseness and good music as the last dance given several months ago.

Get your tickets from any Junior—one dollar and a half ticket admits two—and be on hand at Elm Hall, Saturday evening, June 11th, at 8.30 P. M., for a truly wonderful time.

BACCALAUREATE SERMON.

The annual baccalaureate sermon to the graduating class of the High School will be given in the Narberth Presbyterian Church on Sunday evening, June 13th, at 8.00 P. M.

A NEW NARBERTH ASSET.

We feel that the Narberth Tennis Association is to be congratulated on its new grounds and courts at Haverford avenue and Montgomery Pike, which opened last Saturday.

This new development is an undertaking of no mean proportions for a community the size of Narberth, and is one of which not only the members of the Tennis Association, but all of our residents may well be proud. Already it may very fairly be spoken of as a borough asset, and when all the courts are completed and the other improvements of the grounds which are contemplated are carried out, Narberth in one more respect will have taken its place along with the progressive and worth while suburban communities around Philadelphia.

A BIG THING.

The trip of the Choral Society to Atlantic City on June 19th will undoubtedly be one of the biggest publicity features Narberth has ever had. Events in the town itself send their echoes out to other places, but the forthcoming recital at Atlantic City will put the name of "Narberth" in the vocabularies of more outsiders than any other recent event.

Narberth Choral Society, we congratulate you.

To the Editor of Our Town:

We are surely paying up for the recent mild winter with frosts in March and cold spells in May. Sudden bursts of heat, with equally sudden falls in temperature, do not help in garden growth or human comfort. One forgets how often he has rebuilt the furnace fire. Iris blooms are weak for lack of winter cold and roses feel the effect of the spring freeze and drop their petals. Only the Oriental poppy makes its usual strong growth and unfolds its brilliant blooms with seeming indifference to change in the weather. Corn and tomatoes grow along slowly, vainly hoping for their accustomed heat. And as yet peppers and melons dare not venture into the open ground.

CAMOLEN.

NARBERTH BRANCH OF A. A. F. B. I. R. HOLDS SUCCESSFUL DANCE.

One of the most successful dances ever conducted in Narberth was that which was held on Thursday evening, May 26th, under the auspices of the local council of the American Association for the Recognition of the Irish Republic. Every ticket which was issued for the affair was sold before the evening of the dance, with the result that the cash admissions represented a very considerable part of the total attendance.

The proceeds was for the benefit of the fund which is being acquired to publish the side of the Irish Republic to the American nation, and the large number of visitors, from the borough and all parts of the township, reflected the great interest which the Irish situation has for the general public.

The program was alternated with American and Irish dances and those who were not previously familiar with the Celtic steps expressed great appreciation of the treat which was accorded them. Messrs. Hanlon, Fleming and Mesorley formed the committee which arranged the affair and their efforts were ably seconded by a corps of ladies who provided the refreshments and lent effective aid in accomplishing a hospitable and highly delightful occasion.

WEDDINGS

Compton—Edick

The Methodist Episcopal Church was the scene of a pretty wedding Wednesday afternoon, June 1st, when Mrs. Florence Sanford Edick became the bride of Mr. Robert Compton. Mrs. Howard Hoffman sang "Oh, Promise Me," and the bridal pair entered to the strains of the "Lohengrin" Wedding March, played by Mrs. Edward Stanley. The ceremony was performed by the Pastor, the Rev. Arthur S. Walls. Both of the principals are of Narberth. The bride was charmingly attired in gray Canton crepe. They left immediately after the ceremony for an extended honeymoon tour.

Harris—Bell

Miss Emily Bell, formerly of Narberth, and Mr. Elphra G. Harris, of Pleasantville, N. J., were married on Wednesday, June 1st, at the Richardson Memorial Church, 60th and Walnut Sts., Philadelphia. Miss Dorothy Wilson, of Narberth, was the bride's only attendant, and Mr. John Wilson was best man. Mr. and Mrs. Harris left immediately after the ceremony for New York.

VETERAN VISITS NARBERTH.

Mr. Joseph Snyder is a visitor at the home of his son, Dr. O. J. Snyder, of Narberth avenue.

Mr. Snyder is a veteran of the Civil War, having enlisted in the Fourteenth Indiana Infantry. On Memorial Day he joined the ranks of our local American Legion Post in their visits to the cemeteries to do honor to the memory of those who gave their lives for their country in the World War.

'Ware the Fly

SOME FIGURES ABOUT THE MUSCA DOMESTICA, FLYDOM'S WORST DISEASE SPREADER

A general description has been sent out to all residents of the Main Line by the General Fly Campaign Committee of one of the greatest murderers of infants known to science. The description is of *Musca Domestica*, commonly known as the house fly.

He should not be confused with the biting house, blue bottle, green bottle, little house, vinegar, cheese, fruit, or latrine flies, because he is the greatest spreader of disease and destroyer of life in all flydom.

He is difficult to catch because his head is occupied by several thousand eyes. The proboscis protruding from the under and back part of the head is the most interesting part of the fly. Suction is performed by the pharynx and the substance is drawn into the oesophagus, to be continued through the narrow neck into the thorax. If the food is solid it must first be dissolved through the action of saliva secreted by the salivary glands or reduced to very minute particles.

From the crop food is frequently regurgitated, appearing at the mouth parts in the form of small globules, to be again devoured at the insect's leisure. It is this habit of regurgitation, or vomiting, which renders flies extremely objectionable from a sanitary standpoint, particularly as the stomach contents are obtained in most instances from filth and garbage.

Nearly all flies breed in organic filth. The swarm of flies invariably seen about places of this character during the summer season is an indication that not only feeding but actual propagation is in process.

The range of flight of house flies is ordinarily not great. They probably seldom travel more than half a mile from their breeding place unless carried by the winds, and usually therefore remain within 200 or 300 yards of their point of origin. Therefore, if flies are found in a particular neighborhood it is far proof that they developed in the immediate vicinity.

If residents of the Main Line discover flies in any quantity, they are urged to telephone Ardmore 1437, and the Committee will send the inspector, who will try to have the breeding place cleaned up.

DEPARTMENT OF FORESTRY OFFERS FREE EDUCATION.

Harrisburg, Pa., May 25.—A free education in forestry is offered the young men of Pennsylvania by the State Department of Forestry. The ten highest men will be appointed to the Forest Academy, where they will begin their study of forestry next September. A further test of six weeks' work will be given on one of the State forests.

Young men between the ages of 18 and 25 who have completed a four years' high school course and who have had experience in farming, lumbering, surveying and other forms of outdoor work, are particularly desired. The scholarships provide free tuition, board, room and laundry. Upon successful completion of the course, which includes thorough and practical training, a degree in forestry will be awarded.

Information about the State Forest Academy and application blanks for the examination, may be had by writing to E. A. Ziegler, Director, Pennsylvania State Forest Academy, Mont Alto, Pa.

An Appreciation in Which Every Well-Disposed Narberth Resident Will Heartily Accord

An auspicious occasion arises for a fine manifestation of civic spirit—

A proper regard for the efforts of those who have achieved for the town in which we live a distinction of outstanding merit—

A distinction in which we all share.

The Narberth Choral Society has been invited to open the Steel Pier at Atlantic City with a Sunday concert of their own selection

ON SUNDAY EVENING, JUNE 19, 1921

The invitation has been accepted and preparations are under way.

The event is extraordinary.

Atlantic City, with its visitors from all over the world, will come to know Narberth and what it stands for—

As the kind of town which holds aloft the highest standards of citizen-endeavor, keen for wholesome influences on its family life, zealous for peace and progress, the most stalwart type of American community—

For this is indeed the spirit which brought forth the Choral Society.

And now that it has been asked to serve in quarters where only the most accomplished of talent is known, let us all agree to do that which is obviously the fair and square thing for us to do—

GO DOWN TO ATLANTIC CITY WITH THEM!

To be on hand when they make their bow to that metropolitan and cosmopolitan audience, to stand by as friends and neighbors, to urge them on by our presence and our interest to that wonderful effort which we know they can make.

The occasion tests our mettle.

Therefore, we shall not fail them, we shall go down a thousand strong, we shall prove ourselves true-blue.

ALL ABOARD THE SPECIAL TRAIN!

With full confidence in our measure of civic pride, guarantees have been given the Pennsylvania Railroad which have resulted in providing a special train to leave Narberth about 1 o'clock Sunday afternoon, June 19.

This gives you ample time for church.

We will travel by the Bridge route and arrive close to 3 o'clock, allowing several refreshing hours on the Boardwalk.

The same special train will bring us home in the evening, leaving the shore about 11 o'clock.

Straight home to Narberth, no stops, no delays, no hurrying, no scrambling for seats.

AND THE FARE, ROUND-TRIP, IS ONLY \$5.18.

When before did so little provide so much, a special train trip with townfolk, a day at the shore, the tribute to achievement, the recognition of distinction, the support which the Choral Society most assuredly deserves.

Let us agree, then, to do what the circumstances warrant, to go down en masse, to proclaim that Narberth is indeed alert in accepting its part of the general obligation which imposes on the whole country in advancing the real spirit of America.

And to you, newcomers in Narberth, we bid a special welcome. This is your opportunity to meet the folks among whom you live. You should know them and they should know you. Utilize the splendid occasion.

MAKE YOUR RESERVATION TODAY

Telephone Mr. Hillegas (Narberth 367-W), or Mr. Henderson (Narberth 603) and full details will be furnished at once. Do not delay, please, as it is important to know immediately all those who are going.

Therefore, do it now, as this ought to be a handsome thing handsomely done, with good generous spirit and hearty accord.

MAKE SURE TO GO.

INTERESTING MUSICAL RECITAL.

The pupils of Miss Fanny H. Loos gave a very pleasing recital at her home, 417 Haverford avenue on Friday afternoon of last week. The program covered a wide range of compositions, all of an interesting character, rendered with excellent technique and intelligent interpretation of their meaning. Those who took part were Misses Ruth Ashton, May Banfield, Madeleine Baughman, Dorothy Braden, Helen Butler, Helen Caldwell, Lois Caldwell, Anna Compton, Elizabeth Durbin, Elizabeth England, Louise England, Gladys Grover, Helen Hoffman, Frances Hunt, Mary Kerrigan, Marion Miller, Evelyn Patton, Barbara Sutherland, Mahala Whitman and Masters Robert Harris and Stanton Nickerson.

Mother: "John must be enjoying his European trip. He says in his letter he is very enthusiastic about the fjords of Norway."

Dad: "Oh, they're all right enough. But if he stayed right here in Detroit he'd see more of them and learn how to spell them better."

METHODIST MINISTERS' WIVES MEET AT NARBERTH

The Ministers' Wives Association of the Philadelphia Conference of the Methodist Episcopal Church held their spring meeting last Thursday, June 2nd, at the Methodist Church. The ladies from all parts of southeastern Pennsylvania, arrived on the morning trains, and from West Philadelphia via 'Narberth Bus Line. They were received at the church by Mrs. A. W. Ward, President of the Ladies, and Mrs. Arthur S. Walls. The President of the Association, Mrs. C. Lee Gaul, of Chester, presided at all sessions. The morning was spent socially and the afternoon with business and a program of entertainment. The church was decorated with flags, palms and flowers.

A committee of the ladies of the church of which Mrs. C. L. Smith was chairman, served the noon-hour luncheon. There were eighty members of the visiting organization present, and the Ministers' Wives had one of their most successful meetings, and expressed themselves as charmed with our "All-year-round-Home-town."

The above department should be of the greatest use to the community. The list contains the name of every professional man, tradesman, mechanic, shopkeeper, etc., who does or can in any way serve his fellow-townsmen, and who is progressive enough to add name to list of Register.

As it is difficult for those contributing their time and efforts to the production of "Our Town" to personally either know or interview all such, it would be most helpful if those not now found in the printed list would send in a memo of their names, address, phone numbers and businesses or professions for listing. This will cost as follows: 10 cents each issue for 2 lines; 5 cents for each additional line.

SPARE THE FLOWERS.

Thoughtless persons are destroying the Wild Flowers until soon some of them will disappear entirely, hence: Do not pull wild plants by the roots, nor break off branches of shrubs and trees with flowers, but leave plenty of flowers to go to seed.

PUT OUT FIRES IN THE WOODS.

THE ECONOMIC VALUE OF BIRDS.

The Flycatchers.

Like the swallows, the flycatchers feed on the wing, and are very useful because of their consumption of winged insects.

Most of us know the phoebe, the most familiar member of this family, and we all remember the thrill we feel when we wake some morning in March and know by her plaintive cry that the phoebe is here again.

To the phoebe, click-beetles, May beetles and grasshoppers are choice morsels. She also enjoys the locust leaf miner, that pest which sometimes blasts the locust trees over wide areas, as if by fire, and she feeds on many varieties of flies that annoy our cattle. Since the phoebe raise two broods each season, of from four to six young, they deserve our gratitude and protection.

The kingbird, or bee bird as the farmers call him, has been shot in the past as a robber of the hives. Now science has proven that the percentage of bees eaten is very small and that the great majority of those are drones, and not workers. Moreover, the kingbirds eat the small fly that attacks honey bees, so their bad reputation is unfounded.

The kingbird has a great aversion to hawks and crows, so their small feathered neighbors are sure of protection against these enemies. I have often seen a crow in full flight before the attacks of two kingbirds, only half his size.

To see the other most common members of the flycatcher family, the great-crowned and the pewee, we must visit the woods, and fortunate indeed is the one who finds the pewee's nest. Because of her habit of ornamenting it with lichens, it is one of the most beautiful nests known.

The pewee resembles her sister, the phoebe, but is smaller and of more retiring habits. The kingbird can be identified by his dark back, light breast and the white tips to his tail feathers. All the members of this family can be easily recognized by their peculiar habit of darting suddenly into the air from a dead branch in pursuit of their food and quickly returning to their perch to watch again.

be so fine in every respect that the disappointment of the members was forgotten in the pleasure and fun afforded by the three courts that were in "commission."

Mr. Lane, the contractor, and the Board of Trustees of the Association have been "double crossed" so many times by the Weather Man during the last few weeks that they have stopped making prophecies and predictions, but it is their hope, nevertheless, that the remaining four courts will be finished by this Saturday and ready for playing.

To say that the members of the Tennis Association welcomed the opening of the first three courts last Saturday would be putting it—as someone else remarked once before—very mildly! They were out "in force" both on Saturday afternoon and all day Memorial Day.

With the construction of these seven new courts and the enlarged membership of the Tennis Association, there is every reason to believe that tennis is going to enjoy a season of unprecedented popularity in Narberth this summer.

HIGH SCHOOL STUDENTS PRESENT ANNUAL PLAY.

and the students who helped them put over this show. Especially is credit due to the two coaches whose untiring work assured the success of the play.

The leading man, or Hiram Hicks, as interpreted by Philip Knutzen, cannot be given too much praise, and Frances Diamond as June Grant sure was a "killer." At the very beginning, when Edwin Martin appeared as Peter, a Swede, no one could help but feel that they were justified in coming to see the play. And so we might go on and enumerate each separate one, but those who saw the show need not be reminded of the many clever parts.

All in all the Senior Play was a huge success, both socially and financially.

where they were entertained by many friends. The first week of the trip they were accompanied by Mr. and Mrs. Durborow.

Memorial Day as celebrated by Harold D. Speakman Post, of Narberth, was a decidedly impressive ceremony. The service is a beautiful one and was reverently heard by hundreds who gathered round the graves of those whose memories were honored by our local Post on Monday.
